

# Eastgate/I-90

## Land Use & Transportation Project

**TO:** Eastgate/I-90 Citizen Advisory Committee  
**FROM:** Mike Bergstrom, Planning & Community Development  
Franz Loewenherz, Transportation Department  
**SUBJECT:** January 15, 2011 Special CAC Meeting – Study Area Tour  
**DATE:** January 10, 2011

Enclosed is an agenda for the January 15, 2011 study area tour. As a reminder, we will meet at 9:30 AM in the driveway east of the City Hall visitor parking garage.

The current weather forecast calls for rain, but no snow, on Saturday.

Approximately two-thirds of the way through the tour (around 11:00), we expect to take a break at the Eastgate Park-and-Ride. Restroom facilities will be available, and this break will give us a chance to discuss some of what we've seen on the tour to that point.

A generalized tour map is enclosed. We will enter the study area near Factoria, head east and visit the south side of I-90, followed by the north side of I-90 generally in a westward direction. We'll bring more detailed maps to the tour on Saturday.

We look forward to seeing you Saturday morning.
